

DANE COUNTY SHERIFF'S OFFICE

“Our mission at the Dane County Sheriff's Office is to provide resources and support for those living with mental illness. Mental illness is NOT a crime and we should treat mental illness the same way we treat physical illness. Whether an illness affects your arm, your brain or your heart, it's still an illness and there should be no distinction. So please don't hesitate to reach out if you find yourself in need of assistance.”
